

## *The traveller who's Swiss* - by Elena © 2011

I have never told  
- not told until yet -  
that I have a friend,  
a very good mate!  
His name is Marcel,  
he's a very good friend!  
But careful with him,  
he comes from the Swiss;  
he has many tricks  
he plays with a click.

With the top of a can,  
he plays to have fun,  
like that crazy cat  
who's wearing a hat.

Don't worry about,  
but he's like a bomb,  
whether exploding or not  
depends on your own.

Besides being Swiss,  
he must be wise,  
'cos just with a word  
he changes your whole world!

He invites you to play,  
just to play maths!  
But it changes your life  
by a life and a half.

Be careful with him  
he has many tricks;  
remember he is  
"The traveller who's Swiss".
